

Arborfield

SECTOR:

Infrastructure

OUR ROLE:

Sub Contractor

LOCATION:

Arborfield

CLIENT:

Crest Nicholson

PROJECT VALUE:

£21m

DURATION:

20 months

OVERVIEW:

This project was for the groundworks and infrastructure to 110 houses at the former MOD Base at Arborfield.

SCOPE OF WORKS:

We undertook the full build to DPC including CFA piled foundations, substructure blockwork and block and beam floors and issuing collateral warranties to the developer.

The aggressive build programme entailed a workforce of some 50 operatives to undertake work on a number of different fronts at the same time.

As our extended remit we acted as principal contractor until the developer was able to take over.
