

Stoneham Park

SECTOR:

Infrastructure

OUR ROLE:

Sub Contractor

LOCATION:

Eastleigh

CLIENT:

Highwood Group

PROJECT VALUE:

£5m

DURATION:

12 months

OVERVIEW:

Natta undertook two new large S278 roundabouts and three new major junctions off Stoneham Lane together with associated infrastructure, roads and drainage.

SCOPE OF WORKS:

North Stoneham Park is a substantial parcel of land consisting of 120 acres set on the outskirts of Eastleigh. The scheme is a landmark mixed-use residential project to deliver 1,000 new homes to meet the shortfall in the area's housing requirements.

The development includes accommodation for the elderly, a school, community hub, leisure and sporting facilities and landscaped public spaces.

Natta's works included the construction of the adaptable roads, drainage and street lighting that service the scheme. This encompassed a major new roundabout onto Stoneham way that required extensive third party involvement.
