

Maida Road, Aldershot

SECTOR:

Infrastructure

OUR ROLE:

Main Contractor

LOCATION:

Aldershot

CLIENT:

Grainger

PROJECT VALUE:

£850k

DURATION:

4 Months

OVERVIEW:

The reconstruction of an existing road to bring the drainage, services and road construction up to modern standard.

SCOPE OF WORKS:

The works involved installing new foul and storm sewers, new main services and the complete road and footpath construction.

The work was complicated by a high water table, no drainage outfall working around retained services and a narrow working area.
