

Enderby

**SECTOR:**

Infrastructure & 278
Works, Modular

OVERVIEW:

Natta were awarded the contract for a new Battery Storage Facility in Enderby for Statera Energy Limited.

OUR ROLE:

Main Contractor

SCOPE OF WORKS:

Our scope for the Enderby scheme was the full construction of the site, minus electricals.

LOCATION:

Leicestershire

As such, Natta completed the earthworks, drainage, services and cable troughs, as well as, the foundations for storage units, transformers, substations and grid connectors.

CLIENT:

Statera Energy Ltd

The project also included the fencing, hard and soft landscaping and the full build of a control room.

PROJECT VALUE:

£3m

DURATION:

7 months
