

Harlington School

SECTOR:

Groundworks,
Infrastructure & 278
Works

OUR ROLE:

Main Contractor

LOCATION:

Hayes

CLIENT:

Wates Group

PROJECT VALUE:

£3.4m

DURATION:

18 months

OVERVIEW:

As Main Contractor, we were appointed by Wates Group to undertake the groundworks and infrastructure for a new build school in Hayes.

SCOPE OF WORKS:

The scope of works featured the main groundworks and storm sewer diversion which included the bulk excavation and disposal as well as extensive attenuation tanks, ponds, foul drainage, pump stations and services.

The groundworks also included the installation of piling mats, ground beams, pile caps and reinforced concrete ground floor slabs.

The external works were comprised of tarmac, slabs and block pound finishes.

This contract follows on from our successful delivery of Burnham Grammar School for Wates Group.
