

Huxley Court

SECTOR:

Building, Houses

OUR ROLE:

Main Contractor

LOCATION:

Arlesford

CLIENT:

Vivid Homes

SCALE:

45 Units

PROJECT VALUE:

£8.2m

DURATION:

January 2020—May 2022

OVERVIEW:

The Huxley Court development in Arlesford was the full design and build contract of 45 units for Vivid Homes. The housing development is comprised of: 2 blocks of 5 two-bedroom terraced townhouses and 35 two and three-bedroom apartments split across 3 apartment blocks with undercroft parking.

SCOPE OF WORKS:

The demolition phase commenced in May 2020. This involved the removal of warehouses and an office block, which were originally situated on the site.

The groundworks and remediation works then started that June. As Huxley Court is situated on a sloping site, extensive bulk excavation works was undertaken to reduce the incline. This was then followed by road works and foundations.

Then came the superstructure build. Traditional masonry walls, block and beam ground floor and plank upper floors were used to build the townhouses. The apartments are a mix of steel frames, with block and beam ground floors and plank upper floors all with external masonry walls.

A new footpath was also built to lead from the development down to the recreation park.

See next page for more

This development saw our second project involving Vivid Homes. It followed on from our main contractor build of 49 units at Ewshot Gardens in Church Crookham. Here 20 of the units were for Sentinel Housing Association, now known as Vivid Homes following its merger with First Wessex HA.

“Having successfully become a member of the Vivid Framework in 2018, we are pleased to be awarded this project. We look forward to a successful partnership with Vivid for years to come.”

Matt Sainty

COMMERCIAL DIRECTOR, NATTA
