

Burgess Hill

SECTOR:

Civil Engineering,
Groundworks,
Infrastructure & 278
Works

OUR ROLE:

Sub Contractor

LOCATION:

Folders Lane, Burgess
Hill

CLIENT:

Jones Homes

PROJECT VALUE:

£5m

OVERVIEW:

This project is for the infrastructure and groundworks to 73 housing units.

SCOPE OF WORKS:

Natta started with the project for Jones Homes in May 2018. The first set of plots, as well as the sales and marketing entrance, was completed in February 2019.

Our scope was the entire groundworks and infrastructure up to and including all ground floors. The encompasses all: roads, drainage, foundations, footpaths, patios and services.

The works also included extensive permeable roads, drives and ponds to deal with stormwater runoff.

The handover for Jones Homes was completed in June 2019.
