

Portbury Way

**SECTOR:**

Retail

OUR ROLE:

Main Contractor

LOCATION:

Portbury Way

CLIENT:

Brakes

PROJECT VALUE:

£700,000

DURATION:

16 weeks

OVERVIEW:

The contract was to extend and upgrade an existing distribution centre hard standing by a further 5,000m².

SCOPE OF WORKS:

The scope was to remove an existing bund off-site, install bank retention, a new access road, 5,000m² of paved concrete hardstanding's together with associated drainage, attenuation tanks and services.

We also refurbished the existing channel drainage and installed new distribution services.

See next page for more

“it was especially pleasing to be approved by Brakes directly to carry out the works after carrying out a similar project in Reading where they were tenants.”

Matt Sainty

COMMERCIAL DIRECTOR, NATTA
