Investment

PROJECT VALUE:

£600,000

DURATION:

5 Months

OVERVIEW:

The works were required as part of a re-organisation of the main access/egress routes into the West Cross House Business Park.

SCOPE OF WORKS:

The project involved upgrading the S278 entrance and replacing the existing security hut with a new building. Additionally we refurbished the existing toilet block and adopted the on-site roads and footpaths to suit new alignments. We also relocated the existing services where necessary.
