

KLON₃, Kao Park Data Centre Campus

SECTOR:

Data Centres,
Groundworks

OUR ROLE:

Package Contractor

LOCATION:

Harlow

CLIENT:

JCA

PROJECT VALUE:

£5.50m

DURATION:

18 Months

OVERVIEW:

This is the second Datacentre we have undertaken on this campus with JCA. Early contractor involvement enabled the programme to be accelerated and value engineering to be introduced.

SCOPE OF WORKS:

The work includes site clearance, pile mats and piling attendance, foundations including RC electric pits and service corridors, ground and mezzanine floor concreting, drainage, service ducting, rounds concrete, service yard and car parking.
